## TECHNICAL SUPPORTS

Edgenuity Help Center (located in drop down menu under student name)

[ben.bruce@sumnerschools.org](mailto:ben.bruce@sumnerschools.org) (login issues)

[justin.alexander@sumnerschools.org](mailto:justin.alexander@sumnerschools.org) (classes)

[paula.head@sumnerschools.org](mailto:paula.head@sumnerschools.org) (unlock tests)

The distance learning team will be monitoring progress completion in Edgenuity. If a student falls behind the percentage of completion appropriate a member of the team will reach out.

This team can link students and parents with a content support person if needed. However, **the student must show attempts at the material, guided notes, and have watched the Sumner Connect videos.**

If tutoring is needed, this should be after you have tried the material, re-watched the lesson, watched the support videos on Sumner Connect, and contacted the free homework hotline. If you have done all that, a Google form can be completed (see link below). The team will assess your needs and put you in contact with the appropriate person.

Our distance learning team will contact you, please do not call or email teachers at the school. Your student does not have a specific teacher assigned to them at HHS, therefore they will not know how to best serve you.
