

March 23, 2020

Good Morning Parents and Students,

I hope everyone is well and healthy and was able to enjoy some of our Spring Break. Since school will remain closed through March 31, I want to share information with you regarding virtual classes. As you are aware, all students enrolled in credit recovery and initial credit classes can work from home. I would like to encourage our students to continue to work on their courses, especially our seniors who need these credits to graduate. I have included the log in instruction sheet that I give every student when they begin a class.

Edgenuity is set up for students to complete lessons from home, including quizzes and projects, but must be in the lab to take unit tests and cumulative exams. In order to allow students to continue with lessons, I am going to let them skip over these exams and then take them in the lab when we return to school. There is not a way for me to change the program settings so each student will need to contact me when they are ready for a test and I will walk them through the process.

Several classes have projects and assignments that the student needs to complete in another application and upload to Edgenuity. If anyone has trouble uploading the assignment, please contact me for an alternate plan. Remember I do read and grade your assignments and essays and our rules are still in place. Do not submit an assignment that you have copied and pasted from another source. Do not submit an assignment you completed for a different class.

Students, I miss you all!!! Use this time to complete some work. Please check in with me.

SENIORS- CONTACT ME. I WANT TO TALK TO EACH OF YOU TO DISCUSS PROGRESS.

Parents, please share this with your students. I am trying to email them as well. Don't hesitate to contact me with questions. As we don't have official instruction yet from Sumner County Schools, this is my plan to work with students to enable them to complete their courses. I do expect to have additional instruction this week from the county and may need to update my plan at that time.

Stay healthy!!

Beth Brody
